**Start Your Website With HostGator Today!**

Then enter your domain name (no http:// or www needed) and enter the discount coupon code (or leave it if the only one you have), then click Continue To Step 2:

The screenshot shows the HostGator website interface for domain registration. At the top, the HostGator logo features a blue cartoon alligator with the text "HostGator" and the slogan "we eat up the competition". To the right, contact information is provided: "Toll Free: 1.866.96.GATOR", "Local: 1.713.574.5287", and "Now hosting over 9,000,000 domains!". A "LIVE CHAT" button with a woman's headshot is also present.

The main heading is "Step 1: Choose a Domain". Below this, there are two options separated by the word "or":

- Register a New Domain:** This section includes the text "Help me register a new domain name." and a form labeled "Enter Domain Name:" with a text input field and a dropdown menu set to ".com". A yellow button labeled "CONTINUE TO STEP 2" is at the bottom.
- I Currently Have a Domain Name:** This section includes the text "Use an existing domain name." and a form labeled "Enter Domain Name:" with a text input field containing "yourdomainname.com". A yellow button labeled "CONTINUE TO STEP 2" is at the bottom.

Below these options is a section titled "Enter a Coupon Code". The form contains a text input field with "SNAPPY" and a green checkmark icon followed by the text "You have chosen our most valuable coupon!".

Yellow callout boxes with red arrows point to specific elements: "Enter Your Domain Name Here" points to the domain name input field in the "I Currently Have a Domain Name" section, and "Leave This Or Enter New Coupon Code" points to the coupon code input field.

At the bottom of the page, a copyright notice reads: "Copyright © 2002 - 2013 HostGator.com".

Then enter your details and payment information. For the Username usually choose your abbreviated company name or similar (example: for The XYZ Company, could use xyzco):
